Dear Tri-City Potters,

Our Tri-Cities Amnesty Group wishes to thank you for your beautiful handwork of candlestick holders. As I visited the tables, guests offered very complimentary comments of appreciation for their gifts. They delighted in the opportunity to light their candles to help add to the atmosphere of the evening. We also want to thank the six members of your group who came to the dinner, which added to the importance of our work to address the injustices in our world.

Last night's event has been our best turn-out and donation success ever. Our funds will go toward our urgent action case responses and funding young people to attend leadership camps for students interested in justice issues volunteering and careers in justice making.

We wish you all a happy Christmas and continuous joy in creating beautiful pottery for yourselves and others.

Kindly,

*Joy Silver* and the Amnesty International Group 176 team
